OREGON LEGISLATURE

Fourth Regular Session

Senate.

FRIDAY Sept 21 1866

Prayer by Rev Mr Williams

A message was received from the House, transmitting H J R No 8 authorizing the Governor to make a requisition on the military commander of the Department of the Pacific for troops to adequately protect Eastern Oregon from the depredations of the Indians

Mr CALDWELL was called to the chair

Mr CORNELIUS said the resolution of the House needed amendment If the requisition for troops is intended to be made on Gen Halleck as is provided it the word Department should be stricken out and the word Division inserted He moved to refer the resolution to the Committee on Military Affairs for amendment The motion prevailed

The President resumed the Chair

Mr PALMER reported S J R No 3, to ratify the Constitutional Amendment, correctly enrolled

Mr CALDWELL gave notice of a bill to amend the road law

A message was received from the House transmitting H J R No 9 to appoint a joint committee to examine the accounts of the State Treasurer

The Senate concurred, and the President appointed on the part of the Senate Messrs H ... Bayley and Crawford

Mr HUSTON offered a joint resolution requesting the Governor to communicate to the Legislature in what condition are the lands belonging to the State for common school university and agricultural college purposes.

Mr HUSTON said he had been informed that the lands were in such condition that they cannot be sold Nobody is authorized to sell them

The resolution was adopted without dissent.

Mr FORD gave notice of a memorial for the removal of the Indians from the Umatilla reservation

Mr PALMER asked and obtained leave for the Committee on Military Affairs to sit during the session

Mr PALMER from Committee on Military Affairs reported H J R No 8 with recommendation to amend by substituting Columbia for Pacific The amendment was adopted

Mr HINSDALE moved to take a recess till 11 45—lost.

Mr HUSTON moved to adjourn

Mr PALMER asked the gentleman to withdraw the motion as the Committee on Military Affairs wished to report before adjournment

Mr HUSTON withdrew his motion

Mr CARTWRIGHT offered a joint resolution for a committee of three on the part of each House to examine the accounts of the late Treasurer John D Boon and the late Secretary of State Lucien Heath

Mr CARTWRIGHT explained that the printed reports of those two officers show a discrepancy of about $5 000 in the liabilities of the Treasurer A committee was appointed at the last session to investigate the discrepancy but for want of time no report was made It is due to all parties that the matter be investigated and the responsibility for the error placed where it belongs The Treasurer is not now living but his estate is responsible for any sum that may be found due the State

Mr FORD said the resolution states that a difference appears in the accounts of the Treasurer and the Secretary He was willing to investigate and suggested a change in the wording of the resolution

Mr CARTWRIGHT The printed reports of that period—1862, I think—show a difference as I have stated of about $5 000 We are supposed to know what there is in those reports We are not acting without knowledge when we vote for this resolution There has been a good deal of talk about this matter The committee of last session had not time to investigate and determine from the great mass of figures where to fix the error. It is due to the State if there is a balance due it, that it should be ascertained and it is due to the memory of the deceased to have the matter cleared up, if no delinquency exists

Mr HUSTON The gentleman from Marion is correct —members are supposed to know the history of these things.

The resolution was adopted [Committee not announced]

On motion of Mr PYLE the Senate took a recess till a quarter to twelve o clock.

At 11 45 A M the PRESIDENT called the Senate to order

A message was received from the House announcing that the Speaker had signed S J R. No 3

The PRESIDENT announced that he had signed S. J. R. No 3—To ratify the Constitutional Amendment.

INDIAN DEPREDATIONS—A MEMORIAL

Mr PALMER, from Committee on Military Affairs reported back H J R No 8, to authorize the Governor to make a requisition on the military authorities for troops, with an amendment to strike out all after the resolving clause and insert the following

To Major-General Frederick Steele, Commanding Department of the Columbia: Your memorialists the Legislative Assembly of the State of Oregon respectfully represent that a large portion of our State known as Eastern Oregon is now being depopulated by the presence of innumerable bands of predatory and hostile Indians Scattered over the rich valleys and fertile mountains of that section of our State, is a population numbering at least sixteen thousand souls, engaged in the various pursuits of trade, commerce, agriculture and mining, paying into the national coffers hundreds of thousands of dollars annually Forming as this section does, an integral part of the United States, subject to their laws, and paying with an alacrity and promptitude truly commendable, all the taxes required of them for the support of the Federal Government, it would be supposed that they should receive that governmental protection which the uniform practice of our nation and the benignity of our Government have universally extended to its hardy pioneers on her frontiers, while pushing aside the relics of barbarous life by clearing and prospecting the nation's pristine soil for permanent settlement, and the establishment of those surer evidences of civilization, the development of agriculture, mining and commerce Notwithstanding the practical negligence of the parent Government, the sturdy pioneers of that section have discovered new and extensive gold fields, thereby enhancing the national wealth by opening up new avenues to trade agriculture and mechanism a home mart for the surplus agricultural products of the western part of our State, a home for the energies of the eastern immigrant, and for the profitable investment of eastern capital In the prosecution of these laudable enterprises the inhabitants are daily hunted down by merciless savages, hundreds of thousands of dollars' worth of their property stolen or burned their farms laid waste their lives in constant peril their legitimate business stopped, travel impeded and all the civil necessities of the people jeopardized or extinguished for the want of that military protection to which they are in justice and humanity entitled The people of that portion of our State have for three consecutive years earnestly petitioned and invoked military aid of the several commandants of this military department of the United States all to no practical or material purpose in the acquirement of that protection their condition demands And now those marauding, murdering Indians have sole possession of the Canyon City and Dalles City road for a distance of over one hundred miles The stages, with the United States mails and Wells, Fargo & Co's express, have ceased running The inhabitants along the line of said road, have been forced to abandon their already desolated homes and are hiding in the mountains, valleys and canyons from their murderous and inexorable enemies Many murders and robberies have been committed in the Burnt river region as well as in the John Day country, but the atrocities of the last few days exceed all former attempts at robbery, rapine and murder On the 19th of the present month the stage of Messrs Robbins, Brooks & Co with the United States mails and Wells Fargo & Co s express, was attacked about eight miles from Alkali Flat and Camp Watson The driver was terribly if not fatally wounded, and W F & Co s messenger Mr Paige succeeded with difficulty in escaping with his life The Government mules at Camp Watson were all stolen and on the succeeding day they made an attack on J N Clark s house, captured all his stock burned his house and stables fifty tons of hay one thousand bushels of grain and laid his ranch in waste He and his comrades barely escaped with their lives. On the same evening they stole two horses from Frank Tompkins a distance of only eight miles from Mr Clark s These Indians have completely surrounded the Upper John Day Valley, and every night their signal fires may be seen from that valley and Canyon City These are but a few of the depredations that have been perpetrated in that section recently and these enumerations we deem sufficient to call your condition to the helpless condition of the people in that part of Oregon and to induce on your part, prompt, vigilant and speedy action for their protection and defense We, your memorialists, therefore urge upon your consideration this a regular, brief statement of facts hoping that you will find it practicable to render our citizens that immediate and ample protection their condition demands

His Excellency the Governor of the State of Oregon, is requested to forward this memorial immediately on its passage, to General Steele, commanding etc.

On motion of Mr STEARNS the amendment proposed by the committee was adopted and then the Senate concurred in the resolution

The Senate adjourned till Monday

House.

Met as usual Mr Upton absent

The SPEAKER remarked that as the Chaplain was not present and as it was supposed that the members had said their prayers before coming to the hall the session would progress without prayer

Mr AVERY (Catholic) You may just consider that my preacher has officiated. [Laughter]

Journal read and approved.

GRANT COUNTY CONTEST

Mr HUMASON moved to proceed with the unfinished business of yesterday

The SPEAKER ruled that to do so would require a suspension of the rules deciding the order of business

Mr WORTH The attorneys for both parties are present and I should be allowed to proceed with the case immediately When this case is disposed of I will be willing to postpone the other contested cases and go on with the regular business

On motion to suspend the rules the House refused to do so by a vote of 21 ayes to 20 nays—two-thirds being necessary

INDIAN AFFAIRS

Mr HUMASON Chairman of Committee on Indian Affairs made a statement setting forth the general facts of Indian depredations in Eastern Oregon stating that while but one company of troops is stationed to guard the route between the Dalles and Boise City—three hundred miles—it is understood that several companies are stationed on the Chewaucan tending to make it all the more dangerous by driving the Indians over on ... attaching no blame to the commanding officer of the Department of the Columbia ... requesting the Governor to make a requisition upon the commanding officer of the Division of the Pacific for adequate protection

The recommendation was adopted with but one negative vote

GRANT COUNTY CONTEST

Mr HUMASON moved to take up the unfinished business of yesterday

Mr LOCKHART said the Yamhill county case had been upon the table for some time and he desired it be attended to now He moved to amend by agreeing to consider that case

Mr STARKWEATHER. The case of the Grant county members was placed in the hands of the committee some time ago with authority to send for persons ... Grant county Some testimony has been taken by the committee and there is yet much important testimony behind In order to a fair trial of this case it is actually necessary that the committee should have several days further time To ascertain whether this House is willing to try the case fairly, I will now move that this matter be referred back to the committee with instructions to procure further testimony in the case.

Mr HUMASON was opposed to the motion for it was a proposition which if carried would effectually kill the chances of the contestants

Mr WHITE arose to a point of order He wanted to know whether Mr Lockhart s motion was in or out of order

Mr HUMASON contended that it could not be in order because it destroyed the entire purpose of his motion of which it was moved as an amendment

The SPEAKER ruled that the unfinished business would come up without any motion

Mr LOCKHART moved to postpone the matter till to-morrow at 10 o clock

After an extended discussion between Messrs Olney, Nicklin and Lockhart in favor and Messrs ... Humason and Helm in opposition Mr LOCKHART moved the previous question and the main question was carried by 24 ayes to 21 nays—Messrs Lockhart Rosenheim and White voting aye So the case was postponed

YAMHILL COUNTY CONTEST

Mr OLNEY moved to proceed to the consideration of the contested seats in the case of the members from Yamhill county Agreed to—26 ayes 15 nays.

At 11.45 on motion adjourned

AFTERNOON

Mr LOCKHART offered a resolution declaring Mr Lamson, the sitting member entitled to his seat.

The evidence in favor of the contestant was presented by Mr HELM It consisted of affidavits, claiming that enough illegal votes had been cast for the sitting member which with a few votes alleged to have been improperly rejected, and which would have been cast for the contestant, would so change the result as to give a clear majority for the contestant

Mr HUMASON also argued the case

Mr LAMSON claimed that the affidavits were defective, the whole proceeding irregular and produced testimony to counteract the allegations of the affidavits

Mr HELM based his charge of illegality of votes chiefly upon the fact that certain persons who voted for Mr Lamson did so illegally because they voted out of their precincts

From this opinion Messrs Humason Upton and Olney dissented contending that members of the Legislature are State officers and may be voted for at any precinct of the county

At 4 o clock P M Mr HENDERSHOTT moved the previous question, which was ordered and the resolution was adopted by a vote of 23 ayes to 17 nays While the roll was being called

Mr HENDERSHOTT answered to his name and said I desire to explain my vote I believe that every American citizen is entitled to vote at some place and that Mr Lamson is entitled to his seat. While I believe that some of the Abolitionists would perjure themselves to carry out a partisan purpose, I am not willing to do it The consequences must rest with them and their God

Mr HELM moved to adjourn. Lost

Mr LOCKHART offered a resolution declaring Mr Laughlin entitled to his seat

Mr HELM read an affidavit from Mr. Laughlin to the effect that he had been in Idaho Territory and voted there and that he had returned to his farm in Yamhill county less than a year prior to election day June 4th, 1866, but that in Idaho he had considered himself a resident of Oregon having left his farm and household property in the temporary possession of a brother Messrs. Helm and Humason argued from this that Mr Laughlin could not lawfully hold his seat.

Mr Laughlin explained that when he voted in Idaho, he did so because emigrants from the States on their way to Oregon, packers to the various mining camps—in short everybody without regard to residence, voted, and that he did so with no idea that he would then lose his residence in Oregon

Messrs OLNEY and UPTON argued that as voting was no test of residence in Idaho—the country being new and unsettled—and as Mr Laughlin s home was in Oregon and he intended to return to it, he had not lost his residence in Oregon.

Mr WHITE, at 6:30 P M., moved the previous question and the resolution was adopted by 23 ayes to 21 nays—Messrs. Brents and Hinman being absent

In both cases motions were made to reconsider, and the motions indefinitely postponed

Adjourned.

House.

SALEM, Saturday Sept 22, 1866

GRANT COUNTY CONTEST

Mr HUMASON As it is now the hour set for the consideration of the Grant county case I presume we will take up that order I will say that if the sitting members have any further testimony to offer they can now have the opportunity to do so. If not the attorney for the contestants, who is now present, will proceed to argue the case

Hon JAMES K. KELLY, (attorney for the contestants) Mr Speaker and Gentlemen of the Legislative Assembly Before proceeding with the arguments in this case I beg leave to offer you my thanks for the favor you have accorded me in allowing me the privilege of the floor that I may address you in behalf of the contestants

Mr UPTON If the gentleman will allow me I desire to say that before the trial is gone into upon the merits of this question it is my wish that a motion preliminary to the trial of the points at issue be presented. I do not wish to have it understood that as a member of this body, I am willing to waive the position which I have heretofore argued that there is not sufficient evidence before this House to enable us to decide this case at this time

Mr OLNEY I would state to the gentleman that before the main question is put the motion to re-commit may be put.

Mr UPTON That will satisfy me I do not admit the legality of the evidence said to be in the possession of the contestants Although a member of this House I have never been permitted to examine that evidence It may be that after hearing the case presented to-day this House will determine to recommit the whole matter and authorize a full investigation into all the important facts concerning it and it may be our determination that there is not sufficient evidence to establish the right of ... gentlemen to represent Grant county upon this floor and that consequently it is best to refer the matter to the people at a special election

Hon W C JOHNSON (attorney for the sitting members) With the permission of the House, I desire to say that so far as the remarks which I expect to make are concerned they will relate entirely to the impropriety of proceeding to the trial of this case without further testimony Hence I prefer that a motion should be now made to recommit, and that the discussion should go upon that question

Mr OLNEY In order to put it in a proper shape I will now move that the case be recommitted This motion will of course be debatable. It is the converse of the main question.

Mr HUMASON As this motion will cut off debate from the main question by occupying the time of the House with this preliminary issue I will now move the previous question

Mr WORTH Is the House to understand that this motion is designed to cut off debate on the main question?

Mr OLNEY We desire that it should not

Hon J K KELLY Before investigating the facts in this case perhaps it is well enough to turn to the law The Constitution of the State of Oregon establishes a supreme tribunal to decide upon questions of law which is the last resort. The law of the State and the decisions of that court are as binding upon the members of the Legislative Assembly as upon the humblest citizen in the land No one has a right to transgress or to set them at defiance and I am happy to say that so far as the law is concerned I do not believe that this question is open to argument In 1864 a case went up to the Supreme Court from the county of Douglas Two men claimed to have been elected ... of Douglas county It appears from the facts of the case that there was a precinct called Cow precinct in Douglas county where voting was held in compliance ... the law The judges of election sent in to the ... poll books but simply a list of votes that were given for each candidate duly certified The question arose whether these votes should be counted or whether the judges of election had it in their power to disfranchise them or whether the majesty of the people was to be respected That was the simple question to be decided Judge ... now an honored member of this body Judge W ... then a Senator representing this State in the Senate of the United States, and Judge Deady the District Judge of the court I was here in Portland were the judges that composed that judicial tribunal After an labored argument in behalf of the complainant by Judge ... and in behalf of the defendant ... by B F Harding the court took this case into ... I will simply read the decision laid down by that court as a rule to govern thereafter ... That a voter has his rights—his ... he cannot be deprived by any ... place fixed by law and a person has ... right to receive ... not whether that judge ... or ever whether he himself ... If he ... to receive votes and the voter gives him his vote ...

[illegible] refused by the clerk [illegible] by the act of [illegible] the polls [illegible] majority of the people [illegible] arbitrary act and they [illegible] some of the [illegible] all the votes cast [illegible] Mr Knisely [illegible] Creek precinct [illegible] mit the legality of changing the place of voting would be a dangerous precedent How [illegible] such a game was one at which the parties could play and it would be but fair to work [illegible] against it would now se to work to the advantage of the party in power He [illegible] jecting the precinct Mr McCoy would have a majority of 141 and Mr Knisely 12. He opposed [illegible] it because he did not believe the contestants could prove enough illegal votes to affect the result and because it would take too long a time and cost too much to bring all the witnesses which would be required. He referred to the state of feeling in Canyon City at the time of the rejection of the votes of certain precincts and the announcement of the clerk as one of an [illegible] fraud and criminal [illegible] as would have ensued his being mobbed but for his [Kelly s] opposition to it

At 12 o clock m on motion of Mr White, adjourned to 1 o clock P M

AFTERNOON

Mr HUMASON presented an affidavit from the contestants claiming that they could prove as many illegal votes having been cast for the sitting members as they had alleged had been given for the contestants.

Hon W C JOHNSON May it please you Mr Speaker and gentlemen of the House of Representatives—I did not apprehend the duty of discussing this subject would devolve upon me until yesterday and it is by that for the want of necessary time to examine some of the papers that are placed before the House, I may be mistaken in some of the views and facts upon which I propose to base my argument but I think not I think I am sufficiently informed upon the subject to intelligently discuss the proposition which is now before us I desire it distinctly understood that I have no disposition to insist that gentlemen should come to a final conclusion upon this case as it now stands before the House Nor is it my duty as an Attorney for the sitting members to insist that they should or should not be retained in their seats When the whole of the evidence shall have been placed before the House and I desire further to protest against the partisan spirit and prejudgment of the case which has been manifested by some of the members of the House and particularly by the learned Attorney—my father in the law—who has addressed you in behalf of the contestants I have no threats to make as to the results which may follow any precedent we may here establish We should come to the consideration of all these questions as citizens of the State of Oregon—as representatives of our constituents who are citizens of this State—and not as representatives of any particular class of political views or with the consideration as to what will be the effect upon the future welfare of one party or another With this view of the case, I shall endeavor to approach the question and desire those who may be required to vote upon this case to consider it as if they were judges, for you are such, in fact. This is not a case to be determined upon street rumors This is not a case to be determined upon reported statements of what Judge Wilson or any other Judge may have said or done, or what the opinion of Col Kelly or any other man may be as regards the facts within his personal knowledge but you are to take only such things as are evidence according to law and not such things as may be presented to you by the conflicting rumors of the community where the preponderance may be to one side or the other You are to sit here as judicial officers to determine a fact in which are involved the interests of these contestants of the sitting members and also of the people of this State and those of Grant county more particularly How is it with a court? The case comes up There are the parties litigant with their attorneys and they present their case Is that case to be tried by rumors, outside pressure the effect which the decision is to have upon some political canvass before the people? Should a judge be governed by such considerations? By no means They proceed according to law to take their testimony at the times and places prescribed by statute, and at no other times and I take the position here gentlemen, that no right of either party can be in any way effected by any notice until the time prescribed by the law for such notice to take effect. And there is no lawyer upon this floor who will contradict this position Suppose, for instance that a summons in a court should be served upon a party before any complaint had been sworn out You would not say that the party is guilty of no negligence if he should decline to take evidence upon such evidence Then take this case as it now stands before you It is alleged that notice was served upon the sitting members Well I say that no notice could have properly been served upon them or that they had no right to recognize that notice Hence I claim that the sitting members are not prejudiced by reason of their not having taken testimony They could only have begun to take such testimony on the 11th of this month when the notice was given them by the petitions of the contestants There is another point right here which I desire to note There has been an attack made upon the personal character for integrity of the gentleman who was formerly the Clerk of Grant county I am very happy that he is now absent from his seat as I can speak the more freely of him I have known him ever since he was a small boy and I do not hesitate to say that a more conscientious and pure minded man does not exist in the State of Oregon and I say it without fear of contradiction and while I admit that he may have made mistakes, I know that he performed his duty as he understood it and is not afraid to take the consequences before the world. I am glad to be able to bear testimony to the purity of his character and I cast aside at once all imputations upon him Right here I will notice a point to which I endeavored to call the attention of Col. Kelly, but he dodged it It is this that in the celebrated case of Day vs Kent, it is laid down as a rule that the canvassing officers are ministerial and not judicial officers, and I venture the assertion that he will not insist that it is the duty of those officers to go behind the evidence provided in the statute and gather any other evidence

Mr JOHNSON proceeded to show that the ruling in Day vs Kent was that the evidence was not the poll book, but the certificate of the judges of the election. He argued that the clerk had no right to act upon any private knowledge he might have but must be governed strictly by law As an illustration, he referred to the case of Jeff Davis. Although few men who are at all conversant with the history of the last few years doubt that he is guilty of treason, no fair minded man would be willing to see him executed without a trial according to law As to the chances of proving that the sitting members have a majority of the legal votes of Grant county, Mr Johnson contended that they were good. On a full count of all the votes in the county, Mr Knisely has 35 majority over Mr Brents The sitting members claim that they can prove that 85 illegal votes were cast for the contestants Then there is the return from Ohio Creek precinct, where the riot occurred, the voting was of such a character as to vitiate the election The returns give the contestants a majority of 42. These should be rejected, On the other hand, it is claimed that 71 soldiers votes should be refused from the votes of the sitting members This would still leave them a clear majority of 22 of the legal votes He argued at length in favor of recommitting the case as necessary to a fair trial

Mr UPTON followed in a lengthy and interesting argument, in which he maintained that the soldiers at Camp Watson had a right to vote for members of the Legislature on the ground that legislators are State officers He favored recommitting

Mr OLNEY explained the nature of the Day vs Kent case. The election was held under the old law requiring voting to be done by ballot The ruling of the court was that *where all the evidence required by law to the legality of a vote could be adduced the mere absence of something else required by law should not vitiate the vote* He still adhered to that opinion In regard to the misconduct of the clerk, he said that he acted in accordance with the law and it is the fault of the State, not of Mr Brents, that these difficulties arise.

Mr HUMASON followed with a lengthy review of the question He was opposed to recommitting the case.

Mr AVERY, at 5.30 P M, moved the question which was ordered

The motion to re-commit was withdrawn, and Mr HUMASON offered a resolution declaring the seats occupied by Messrs Brents and McKean vacant, and the contestants entitled to them

On demand of Mr UPTON the resolution was divided into four parts so as to take up each case separately

Mr Brents seat was declared vacant by 29 ayes to 15 nays—Messrs. Chenoweth, Garrett Gingles, Lockhart, Parris, Roland Rosenheim and White voting aye.

Mr McKean s seat was similarly disposed of.

Mr STARKWEATHER explained his vote. There is no legal evidence that the rejected members were not entitled to their seats, nor that the contestants are entitled to them

Mr Kennedy was declared entitled to his seat by 25 ayes to 19 nays—Messrs. Gingles Lockhart, Rosenheim and White voting aye.

Mr McCoy s case was decided by the same vote, and Mr HUMASON moved to reconsider the votes just taken and Mr HELM moved to postpone the motion Indefinitely—carried

Mr WHITE explained his votes upon the Grant county cases The main question before the House were as to whether the returns from the several precincts had been properly rejected by the county canvassers? It is admitted that the certificates to the rejected returns although informal are substantially sufficient If so, they should have been corrected and the sitting members from Grant not allowed to hold their seats by the wrong of one of them who as county clerk, issued a certificate of election to himself The certificate should have been issued to the contestants and if the sitting members desire to contest the seats they should do so from the outside We cannot do otherwise than to place the contestants where they would have been but for the improper rejection of the election returns.

Mr GARLICK offered a resolution authorizing the issue of subpoenas for witnesses in the Polk county case to be made returnable next Monday and Tuesday

Mr HUMASON moved to amend by adding, Wednesday Thursday Friday and Saturday

Mr NICKLIN said he had learned from listening to Democratic arguments lately that it was very unjust to everybody to delay such cases [Laughter] He was in favor of early action in the case

At 6.30 on motion of Mr HENDERSHOTT adjourned.

Bribery said to have been Attempted

The rumor that was current here two or three days ago to the effect that parties had been detected at Salem in the act of offering bribes to members of the Legislature was not without foundation A member of the House went before a magistrate last Thursday and made affidavit that he had been offered $2 000 to resign his seat and that a man known as Capt Porter was the person who approached him with the offer Two other persons are sworn to have offered bribes to the same member or to other members of the Legislature Warrants were therefore issued for the arrest of Capt Porter and the other parties accused but finally at the instance of the member who made oath that he had received the offer it was decided to drop the matter for the present—the member fearing personal violence, if he should persist just now in the prosecution These are the facts, as they come to us It is to be regretted that the charge stated in the affidavits was not pursued at once and investigated with searching scrutiny If bribery has been attempted, the people would like to know it It is the settled belief of those who have had opportunity to know, that money in abundance has been used and is still offered to secure Nesmith's re-election If he shall be re-elected the opinion will be generally prevalent that money did it Unless men violate their pledges he cannot possibly succeed If they do violate them, their motives will therefore be apparent We repeat that the charge alleged against Capt Porter ought to be investigated at once It is due to the people at large, as well as to the parties whose names have been used in connection with this matter, to have the whole thing inquired into If the Legislature is to be purchased outright with money it would be very interesting to know it

Another Civil War

Our neighbor of the *Herald* assumes the character of a herald of war He predicts another fight Certain dreadful portents, in his opinion presage it. He imagines he smells the battle not very far off Already he seems to hear the clamor of the men and the clangor of the trumpets It is his opinion that the 'Radicals are determined to force another war upon our almost ruined country " Which is as much as to say that Democrats are going to rebel again as they did in 1861 The case stands thus A large majority of the people of the loyal States are in favor of making certain important changes in our fundamental law It is proposed to make these changes in a quiet constitutional way. A minority are opposed to these amendments They predict that their adoption will lead to civil war In other words, the minority will resist in arms as they did five years ago Democrats, then, have not yet had enough of that sort of thing The forthcoming civil war is to be an other Democratic rebellion Now we admire the candor of these gentlemen in thus giving timely notice of their intentions At the same time we seriously question whether they have yet so far forgotten the lesson of the last rebellion, as to be ready for an immediate renewal of the fray While panting for gory fields of glory, their ardor is undoubtedly often checked by recollections of the fate which so recently befell their compatriots of the South who mistakenly thought but lets better weapons than ballots with which to resist the "tyranny of an irresponsible majority " In fact, we doubt after all, whether there will be an other war But if it shall come—if we are to have another Democratic rebellion—those who incite and commence it had better never have been born If the lesson of the past is worth anything, the Democratic party will not again rebel If the lesson of the past is worth nothing, the next one will be administered in a way to be remembered

"A White Man's Government "

California has three Congressional districts In 1860 her total vote was 112,000 South Carolina has four Congressional districts, and the number of voters in three of these, as shown by the census of 1860, was 19,400 The number of white persons in these three districts was 120 000, and that of the blacks 223,000 In 1860, 19,400 votes elected as many Congressmen in South Carolina, as were chosen by 112,000 votes in California This is political equality for white men, with a vengeance South Carolina has depended for her political status upon her black population, and now wishes to count the whole of them, instead of two thirds, as formerly The whole State has not more than 40,000 voters at this time, yet this number now elects one more member of Congress than the 112 000 voters of California And after the next census, even without a further increase of her voting population, South Carolina will claim another Congressman In 1860 the entire population of that State, white and colored, was 700,000, of whom over 400 000 were of the latter class If the Constitutional amendment equalizing representation, is not ratified by the requisite number of States, South Carolina after 1870, will have two Congressmen based on her white, and three on her black population This is an extremely mixed affair to be called " a white man's Government " We simply mention these facts as an answer to the unfounded clamor that is raised against the late action of the Oregon Legislature on the Constitutional amendment

OUR SALEM LETTER

SALEM, Saturday, Sept 22, 1866

EDITOR OREGONIAN

The Grant county contest is at last ended, just as it has been known for a week, it would end—Messrs Brents and McKean are ousted and Messrs McCoy and Knisely instated in their seats The case was tried without any such evidence as would be required in a court or as should be in a Legislative Assembly, supposing it to be equally bound to promote substantial justice while paying due deference to the law The House ignored the *law* in taking up the case, for it appeared at the outset that the contestants had not complied with the provisions of the law as to notice of contest This was well enough for the Legislature is not supposed to try adverse claims of this kind with that strict adherence to the letter of the law as courts are bound to do The equities of the case are very properly permitted, in this kind of contest to become the principal guide of the arbitrators But as soon as the contest in this case was begun, the Democracy kicked over the ladder by which they had climbed, and ignored equity in all their subsequent action It became at once a question of might and having the power through the aid of *three Union votes* they revoked the privilege the House had given the sitting members to send for evidence and pushed the trial with all possible haste to its consummation The only complaint anybody has to make is that the case was pushed to trial without giving time to procure evidence The Union men who voted no on the final questions of ousting the sitting members and instating the contestants did so not so much because they were satisfied of the rights of Messrs Brents and McKean to the seats as because they had *no competent evidence as to the rights of any of the parties* and they voted against turning out the men who held certificates because it was literally a blind leap Had the case been thoroughly investigated, it might have ended exactly as it has or it might have resulted otherwise but that is not the point upon which the Union men made their fight They said that all parties should of right have a chance to present all the legal evidence in a competent shape and then let the case go upon its merits It is a notorious fact that several Union men voted to declare the sitting members not entitled, who afterwards did not vote to admit the contestants while the Democracy voted solid to oust and solid to admit

On Saturday morning the committee on elections made a report on the Polk county contest While the report was pending the hour arrived for the consideration of the [illegible] and so it went over As soon as the Grant case was finally disposed of Mr Garlick asked to have the Polk case taken up but the Copperheads under the lead of Humason who is the chief juggler, manifested their extreme repugnance to making haste—they wanted time While it was of the utmost importance to try the Grant county case with even indecent haste and without evidence it suddenly became their imperative duty as sworn Representatives to examine the other case thoroughly take time to send for persons and papers to sift the adverse claims to the bottom so that nobody should be wronged To go on with the case on Monday would be to cut off the possibility of getting the evidence before the House They wanted all the week and all the next week The report recommended that the subpoenas for witnesses be returnable on Monday and Tuesday; Humason moved an amendment making them returnable on Tuesday Wednesday Thursday Friday or Saturday and providing that not more than ten subpoenas should be issued returnable on the same day This together with his statement in the House that there were some sixty or seventy witnesses sufficiently exhibits how closely Humason is disposed to follow the precedent he himself made in the Grant county contest Mr Dodson, one of the contestants is ready now to submit his case on the evidence submitted before Judge Boise, and Mr Collins says he can produce his evidence on Monday But even if the contestants were not any one of them ready according to the precedent made by the Democracy, there is no excuse for waiting a single day or hour The certainty of Mr Dodson s ability (if not Mr Collins) to show a clear right to a seat, explains the sudden change of front of these political jugglers and acrobats

There is no change to note in the Senatorial 'situation ' The friends of Governor Gibbs stand firm in the position that if there are any men disposed to show treachery to the Union party they shall make their record in next Tuesday s vote in the House, so that all may know just where to place the responsibility of defeat There are several names if not illustrious at least in a fair way to become notorious in connection with this Senatorial election which I shall furnish you at a proper time Just at present, there is a game going on for the Senatorial toga which has more heads and tails than any game ever played in this State

The Senate having passed the Constitutional Amendment, voted for United States Senator and adopted the memorial on Indian affairs has but little to do until the House shall get along with those matters All the interest and excitement here is centered in the House The lobby is still very large and very busy, whether very efficient is questionable Among the notables here are, J H D Henderson, the several Judges of the Supreme Court, Lish Applegate, Attorneys Reed, Dowell, Kelsey Grover and others Ben Hayden occasionally; Beriah Brown and Christopher Schwinnesberger Jeremy Diddler O'Meara, disappeared about the time Lee & Ryland s circus left Can t say whether he went with the side pig show or—otherwise

The Democrats threaten to rescind the resolution by which the Constitutional Amendment was ratified If they will call on us we will name several other sections of the Constitution which they would do well to amend, as very injurious to their party

In a late speech Gen Logan said " Andrew Johnson was made President by a single constituent Booth the assassin, and well has he represented that lone constituent "

THE WONDERS OF PHOTOGRAPHY.—ELLSWORTH & CARDWELL at their GALLERY 89 First street, have shown us some of the most exquisite specimens of the Photographic Art ever executed here Among the various styles seen at this establishment we might mention those magnificent and delicate toned SUN PEARLS, those superb PATENT ENAMELED PICTURES those artistic ALBUM and VISITING CARDS as well as PEARL AMBROTYPES MELAINOTYPES etc All who value fine work will visit this Gallery without delay

[illegible] AMENDMENT TO THE CITY CHARTER.—At the last sitting of the Common Council it was deemed advisable that the City Charter be so amended that the Council may order the partial improvement of any street when deemed necessary. There are many of our streets upon which the [illegible] should not be all placed at once, or during [illegible]. When the grade is deep and the street [illegible] filled up to it, the street should remain one season before the macadam or Nicolson is placed upon it. The [illegible] expense of the improvement would not be at once [illegible] upon the owner of the property. We think the motion a good one, and one that will meet the approbation of the citizens. On the 5th inst., the following resolution was adopted: "*Resolved*, That the matter of so amending the City Charter as to enable this Council to order a partial improvement of streets, and such other [illegible] as the experience of the Committee on Judiciary [illegible], be referred to that committee." On the 19th [illegible] the committee reported that, in their opinion, the repeal of section 106, chapter 8, of the City Charter, which is as follows: "When a street or part thereof has been improved, under and by virtue of the provisions of this chapter, thereafter such street or part thereof is not subject to be again improved, but may be repaired," would remove all obstructions and leave the Council full power to order such improvement as may be required. Councilman Hallock then offered the following resolution, which was unanimously adopted: "*Resolved*, That the Honorable Mayor be and is hereby directed, in the name of the city of Portland, to petition the Senate and House of Representatives to repeal section 106, of chapter 8, of the City Charter." The power of two-thirds to remonstrate is not interfered with, but remains in full force and effect. Many of our citizens remember the condition of [illegible] street from the rock being placed upon it immediately after it was thrown up. "B" street will probably [illegible] condition this winter. The amendment to the City Charter proposes to remedy these evils, and look [illegible] expenditure of money.

[illegible]—We learn that the dredger is doing excellent work at the mouth of the river—it has established [illegible]. There seems to be a want of tenders; [illegible] is filled and has gone to the dump, the [illegible] is then drawn up and is so soon filled that the [illegible] is obliged to await the return of the tug. They [illegible] is able to do double the amount of [illegible] was properly supplied with scows to remove [illegible] she could fill them. Mr. Walker [illegible] twenty-three shovels full will fill one of his scows, which are as large as can be used. These scows [illegible] with dirt, fifty cubic yards of earth, [illegible] minutes to fill a scow, so that the dredger [illegible] about one thousand cubic yards per day, [illegible] loads, while the tug is now making but [illegible] per day. So we see that for want of sufficient [illegible] half the capacity of the dredger is lost. We [illegible] Mr. Walker's report this week.

[illegible]—The public will be pleased to learn that [illegible] & Co. [illegible] to immediately build a new [illegible] upon the site of [illegible] by their old mill lately destroyed by fire. We understand that Mr. Stitzel accompanied by Mr. John Nation, of the Willamette Iron Works, [illegible] visiting the great mills upon the Sound [illegible] purpose of examining minutely their machinery [illegible] their late improvements, with the intention of [illegible] a first class mill. They think that by so [illegible] they will be enabled to furnish lumber to the [illegible] two or three dollars cheaper than before. We are glad to see so much energy displayed. The [illegible] of the old mill have scarcely ceased smoking, before [illegible] will begin to rise. It is by such energy that [illegible] her present power and prosperity.

[illegible]—We wish to call the attention [illegible] to the fact that we have no association [illegible] for its object the relief of those persons who may from time to time be placed among us, dependent upon [illegible] and sympathy of community for relief and [illegible]. It is certainly unfortunate that there is no [illegible] directed effort made to supply the demands [illegible] made upon every community. There is no [illegible] that has not found a number of generous, [illegible] men who saw this demand and stopped [illegible]. Who will take hold of this thing and [illegible] record right?

[illegible]—We learn that the machinery of the [illegible] is being removed for the purpose of placing it [illegible] upon Sucker Lake. She will probably [illegible] trip to Hillsboro this week. We are glad to see this [illegible] prise, and wish it success. The Tualatin Plains is one of the best grain-raising sections in the State, and the *Minnehaha* will, no doubt, have [illegible] to transport the produce of that section to market. The farmers have previously had to wagon their grain to Portland, a distance of twenty or thirty miles.

[illegible]—The "Pioneers" of this city must look to [illegible] as we learn that the "Clackamas Base Ball Club" have organized and playing regularly. On Saturday [illegible] they played a fine game at Oregon City, [illegible] five innings, Capt. Shepherd's side making [illegible] runs, and Capt. S. D. Pope's, twelve runs. [illegible] played evenly until the fourth inning.

[illegible]—John C. Brown was arrested on Saturday [illegible] Hurd, on a city charge of disorderly conduct [illegible] $10 and costs. S. B. Vance, arrested upon [illegible] and battery, was placed under bonds [illegible] to-day.....D. Brown and A. W. Best were [illegible] charge of disorderly conduct and fined $5 and costs.

[illegible]—We were shown substantial evidence [illegible] of the Poorman ledge in the shape of a silver [illegible], the largest we have ever seen. We were unable [illegible] the ledges of [illegible] and may its enterprising citizens have plenty of [illegible] in their pockets and none in their hats.

[illegible]"—The Cincinnati *Gazette* is publishing [illegible] correspondence from Oregon, over the nom de plume of "Westward." The writer left Portland on the morning of June 24th, and dates his last at the Dalles. This would seem to signify that "Westward" was bound [illegible]

RUNAWAY.—On Saturday evening a pair of horses ran away, starting from the vicinity of the Empire [illegible]. They dashed at a reckless pace up First street, [illegible] in a cloud of dust, until they dashed against a swing post when they were stopped.

[illegible]—We learn that Lee & Ryland's circus performed [illegible] house in Vancouver on last evening. They were not able to seat the concourse of people. They [illegible] visiting the Dalles when they will return to Vancouver and give a series of performances.

[illegible] FIRE.—Last Friday evening at half past 7 o'clock, the house of Mr. Cook, corner of Seventh and F streets, was [illegible] to be on fire. Prompt and judicious action by Captain Wm. Smith extinguished the flames and saved the building.

[illegible]—We would call the attention of the public to the new advertisement of Mr. Ball. We are always willing to speak a good word for a printer and help him to get out of the business into something in which he can make a living.

[illegible]—The fun-loving public will no doubt be pleased to learn of the arrival of the Apollo Minstrels on the steamer *Julia*, on Saturday evening. They will shortly appear.

JUSTICE'S COURT. [illegible] Anderson, Justice of the Peace, [illegible] Seals, upon a charge of keeping a gambling device upon his premises. He was bound over to appear at the Circuit Court.

[illegible]—Among the many attractive articles in W. C. [illegible] new stock we notice "India rubber" [illegible] will they make next? See advertisement.

The [illegible], Capt. Erskine, leaves this port Tuesday at [illegible]

APOLLO MINSTRELS.—This talented Company of Minstrels, after [illegible] nearly twelve months in Victoria, V. I., visited all the towns of the Sound with satisfaction to [illegible] and credit to themselves, have arrived and will shortly appear in Portland with Entertainments [illegible] to attract the presence of ladies as well as gentlemen, [illegible] without reflecting upon any of their predecessors, they are determined that if Wit and Humor, without the slightest stain of vulgarity, should not prove [illegible], they will resort to no degrading [illegible] court popularity. The celebrated Tom Lafont, [illegible], and old Dan Watson, well known on the [illegible] of Old Uncle Eph, are among the members of this [illegible] Company.

Attention! Washington Guard, Co. B.—You are hereby notified to appear at your Armory on Tuesday morning at 8½ o'clock sharp—in full uniform—for [illegible] Parade and Target Practice.
CHARLES S. MILLS, Capt.

THE INDICATIONS are that we are to have [illegible] season and clear weather for a few weeks, and all should bear in mind that BUCHTEL is now taking [illegible] inimitable SUN PEARLS that everybody admires so much, and also the most BEAUTIFUL PHOTOGRAPHS. COME ALWAYS IN THE FORENOON, and [illegible] the specimens. Experience, material, and close habits need no bombast. se18d6t

THE GREATEST ATTRACTION.—Persons [illegible] the ST. LOUIS STORE, No. 111 Front street, may wonder why so many visit this popular place. It is because Messrs. KOHN & FISHEL are selling off their large stock of dry goods, consisting of the BEST READY MADE CLOTHING, DRY GOODS, BOOTS AND SHOES, &c., at prices fabulously low. Stop in and see for yourselves.

The Graefenberg Company's Uterine CATHOLICON does not contain one particle of calomel [illegible], and cases of Female Complaints which require other treatment than the Catholicon are extremely rare. It should be used in all cases of Deranged Monthly Periods, Weakness, Irregular Appetite, Nervousness, [illegible], Disturbed Sleep, Acid Stomach, Nausea, [illegible], and Pains and Difficulties connected with the Uterine Organs.

THE UTERINE CATHOLICON is the most successful remedy for Gravel and all affections of the Kidneys and Bladder, while in the troublesome symptoms attending Pregnancy, the benefits of the Catholicon are most remarkable. It is a perfect restorer of functional and general health from budding womanhood to the turn of life, and those patients who have used the GRAEFENBERG COMPANY'S UTERINE CATHOLICON find difficulty in expressing their thankfulness for the [illegible] effects of this wonderful medicine.

STATE ITEMS.

The *Courier* says that everybody at Lafayette is in favor of incorporating the town. We fear there will not be enough persons in the incorporated city of Lafayette to fill the offices of Councilmen, Marshal, Attorney, etc. But we forget—this is none of our business.

A man named Cain came down to Salem from the South Fork of the Santiam, Friday evening, with $36 75 in gold dust, at $15 per ounce, the result of three day's work of two men. This gold was taken from a river bar about half way between Canal Fork and Packer's Gulch. It is coarse, heavy dust, and will doubtless assay seventeen or eighteen dollars per ounce. The discoverers of the bar say that the "prospects" improve as they go further into the bar, and that there is abundance of ground for a large number of men.

Some scoundrels set fire to the court-house privy at Salem, about 4 o'clock on Saturday morning, and then got up a terrific alarm, ringing not only the fire bell but two of the church bells. Nearly everybody in town was roused. The structure and some of the adjoining fence was destroyed. Though the damage was slight, a strong feeling of outrage was engendered by the perpetration of the little "pleasantry" which would have done the actors in it little good had they been caught.

A gentleman advertises in the *Courier* that he will soon open a school "where Oregon's noble sons and fair daughters may drink at the limpid springs of knowledge that issue here permanently. Parents only give us your patronage, and soon you may have the privilege of hearing the walls resound in echo to the tyro in debate, prolonged by the soft tremulous voice of the maiden reading the rounded periods and euphonious words that convey the thoughts of their composition." Powers of mercy! What have we here? Another Mr. Squeers, and Dotheboys Hall over again?

U. S. Tax on Gold Sales.

U. S. ASSESSOR'S OFFICE, Sept. 21st, 1866.

I would hereby call the attention of the community to the 70th section of the Internal revenue law as amended by Congress on the 13th of July last, and which takes effect on and after August 1st, 1866, relating to Bankers, Brokers, and all other persons selling or contracting sales of stocks, bonds, gold and silver bullion and coin, promissory notes or other securities.

"The tax on all such sales, or contracts of sales by banks, bankers or brokers, whether for the benefit of others or on their own account, is one cent on every one hundred dollars of such sale or contract; and on all sales and contracts for sales negotiated and made by any person, firm or company not paying a special tax as a broker, bank, or banker, of any gold or silver bullion, coin, promissory notes, stocks, bonds, or other securities, not his or their own property, there shall be paid a tax at the rate of five cents for every one hundred dollars of the amount of such sales or contracts; and on every sale and contract for sale as aforesaid, there shall be made and delivered by the seller to the buyer a bill or memorandum of such sale or contract, on which there shall be affixed a lawful stamp or stamps in value equal to the amount of tax on such sales, to be determined by rates of tax before mentioned; and in computing the amount of the stamp tax in any case herein provided for, any fractional part of one hundred dollars of value or amount on which tax is computed, shall be accounted one hundred dollars. And every bill or memorandum of sale or contract before mentioned, shall show the date thereof, the name of the seller, the amount of the sale or contract, and the matter or things to which it refers. And any person or persons liable to pay the tax as herein povided, or any person acting as agent or broker for such person or persons, who shall make any such sale or contract, or who shall in pursuance of any sale or contract, deliver or receive any stocks or bonds, bullion, coin, promissory notes, or other securities without a bill or memorandum thereof as herein required, or who shall deliver or receive such bill or memorandum without having the proper stamps affixed thereto, shall forfeit and pay to the United States a penalty of five hundred dollars for each and every offense where the tax so evaded or attempted to be evaded does not exceed one hundred dollars, and a penalty of one thousand dollars when such tax shall exceed one hundred dollars, recoverable in any United States Court at any time within one year after the liability to such penalty shall have been incurred; on conviction, one-half of the penalty goes to the complainant. Every person, firm, or company liable to the tax as above set forth, must make monthly returns to the Assistant Assessor by the tenth of each month."

NOTE.—The party who disposes of bullion or coin, becomes the seller under this law, United States legal tender currency not being recognized as being bought or sold.

THOS. FRAZAR,
Assessor Dist. of Oregon.

THE ELECTION OF SENATOR.—The election of U. S. Senator has been fixed for Tuesday next. This is an important election, and upon it depend interests of vast magnitude to our own State and, perhaps, the entire Nation. As usual in such cases, much speculation relative to the votes of certain members; charges or insinuations of bargain and sale, and a total disregard of the wishes of constituents, are made, evidently for political purposes. In each branch of the Legislature there is a Union majority, and we have too much confidence in the honesty and fidelity of the men elected, to believe, or even think, that one thus elected, will misrepresent or thwart the known wishes of his constituents on this vital question, or stoop to acts of baseness to serve private or personal interests or accomplish political purposes. Let every Union man be in his place and vote straight, and all is well. The voice of Oregon in the U. S. Senate, for the next six years, at least, will be on the side of Union, Liberty and Justice.—*Corvallis Gazette.*

HOSTETTER'S
CELEBRATED STOMACH BITTERS.
READ AND REFLECT.

Make sure of HEALTH. "But how?" you ask;
We answer, 'tis an easy task,
Strengthen the STOMACH, and sustain
The NERVES, the servants of the brain.
The LIVER keep in active play
And *regulate*, from day to day,
Each organ aid, on Nature's plan,
Brace and refresh the INNER MAN,
And like a watch that's kept in chime
By constant care, with railroad time,
The system's tone and strength renew,
And thereby cheer the *spirits*, too.
"How," you inquire, "can this be done?
This Victory o'er Disease be won?"
"HOSTETTER'S BITTERS," we reply,
Is HEALTH'S SUPREME PROTECTION—TRY!

As a means of regenerating the disordered and enfeebled system, regulating every function of the internal organs, reviving the depressed spirits, invigorating the constitution, and prolonging life, no medicinal preparation, either of the past or the present time, has been so completely and universally successful as

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Against the vapors foul prepare,
That fever-taint the heavy air.
Drink not unmixed the water found
In prairies, woods or marshy ground.
If sedentary toil you ply,
Nature you must assist—or die—
For when debarred from exercise
For *artificial* aid she cries.
Medicine's grand purpose and intent
Is threatened evil to *prevent*;
And if you'd be relieved or spared
From ills that crush the *unprepared*,
Hostetter's Bitters use—for note
They are the SUREST ANTIDOTE

To set at defiance the miasma of unhealthy soils, the poison of unwholesome water, the effluvia of crowded work-rooms and factories, and the baneful influence of sedentary employments, it is only necessary to be forearmed with

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Dyspepsia's pangs, that rack and grind
The body, and depress the mind;
Agues, that as they go and come,
Make life a constant martyrdom;
Colics and dysentric pains,
'Neath which the strong man's vigor wanes;
Bilious complaints, those tedious ills,
Ne'er conquered yet by drastic pills;
Dread diarrhoea that cannot be
Cured by destructive mercury;
Slow constitutional decay
That brings Death nearer, day by day;
Nervous prostration, mental gloom—
Heralds of madness or the tomb;
For these—though mineral nostrums fail—
Means of Relief at least we hail,
HOSTETTER'S BITTERS—medicine sure,
Not to *prevent*, alone, but *cure*.

In dyspepsia, fever and ague, bilious complaints, constitutional and nervous debility, constipation, sea-sickness, spasms, and in all complaints of Man or Woman, proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

To wanderers on sea or land,
From Polar shore to Tropic strand;
To households lone, in regions new,
And dwellers in great cities, too;
To soldiers in camp, fort and field,
Who need against disease a shield;
To miners, California bound,
And tillers of wet, marshy ground;
To feeble wives of fragile mold,
To young and middle-aged, and old;
To those in health, who would enjoy
Heaven's best gifts without alloy;
To all the strengthless, weak and pale,
Who droop, yet know not what they ail,
Hostetter's Bitters we present
As Health's most potent element.

If there is any value in public opinion, or any weight in medical testimony, the very best and safest Tonic, Corrective and Alterative now before the world is

CHARTRES COFFEE!
Manufactory Established in June, 1851.
STEAM POWER, NOS. 625 AND 627 FRONT ST.
HAS CONSTANTLY ON HAND GROUND AND ROASTED COFFEE, GREEN COFFEE of the best qualities. CREAM OF TARTAR and SPICES of all sorts.
The undersigned, who has always enjoyed public confidence for the excellent quality of his Coffee, neglects nothing to justify the good name acquired by his productions, the sale of which daily increases. The acknowledged superiority of his merchandise, which commands here, and in the markets of the interior, a relatively higher price, excites the cupidity of some manufacturers, and every day he sees increasing the number of those who, by counterfeit or imitation of his mark, seek to deceive the public, palming upon them their inferior productions for the genuine G. VENARD CHARTRES COFFEE. This fraud can deceive nobody after a trial, but only adds to the favorable opinion of the consumers, the very flattering though unwilling testimony of the counterfeiters. Nevertheless, buyers should be forewarned, and placed on their guard against this practice.
BEWARE OF COUNTERFEITS.

Passion Past.

Were I a boy, with a boy's heart-beat
At glimpses of her passing adown the street,
Of a room where she had entered and gone,
Of a page her hand had written on,—
Would all be with me as it was before?
O no, never! no, no, never!
Never any more.

Were I a man, with man's pulse-throb,
Breath hard and fierce, held down like a sob,
Dumb, yet hearing her lightest word,
Blind, until only her garment stirred:
Would I pour my life like wine on her floor?
No, no, never! never, never!
Never any more.

Gray and withered, wrinkled and marred,
I have gone through the fire and come out unscarred,
With the image of manhood upon me yet,
No shame to remember, no wish to forget:
But could she rekindle the pang? Ah no!—
O no, never! thank God, never!
Never any more.

Old and wrinkled, withered and gray,—
And yet if her light step passed to-day,
I should see her face all faces among,
And say,—"Heaven loved thee, whom I loved long;
Thou hast lost the key of my heart's door,
Lost it ever, and forever,
Ay, forevermore."— —*Miss Mulock.*

A JOHNSON DELEGATE.—Among other choice Johnson men who were delegates at the Philadelphia Convention was one Colonel W. W. A. Davis, of Pennsylvania, whose opinion of A. Johnson is thus recorded in his paper, the Doylestown *Democrat*, March 14, 1865:

For the first time in our history we have a drunken Vice President. The second office in the gift of the American people is filled by a man who gets besotted on whisky. When Andrew Johnson took the oath of office and delivered his inaugural on the 4th of March he was beastly drunk, and by his conduct disgraced his position, the Senate and the Government. He was so much intoxicated that he could not articulate plain; he even forgot the name of the Secretary of the Navy. His speech was rambling, disconnected and vulgar. The Senators hung their heads in shame, while the audience was astounded. Think of such an exhibition as this before the representatives of foreign Government! It is not strange that they looked on with amazement. This is the conduct of a man held up to the people as a paragon of loyalty, virtue and statesmanship. The Vice President of the United States a common drunkard! A bad feature in the matter is, that such papers as the *Tribune*, *Times* and *Press* try to conceal the truth; they have no words of censure for such disgraceful conduct. Other Republican papers have the courage to condemn it in proper terms, and we publish extracts from them below. If a Democratic Vice President had thus disgraced himself and the country, the whole Abolition press would have resounded with it. It sometimes makes a difference whose ox is gored.

THE MAN JOHNSON GIVES POWER.—The present Mayor of New Orleans, Monroe, held the same position when the city was captured by Farragut and Butler. He then addressed Admiral Farragut an insulting letter, in which these sentences occurred:

"The city is yours by the power of brutal force, not by my choice, or the consent of its inhabitants. It is for you to determine what will be the fate that awaits her. As to hoisting any flag not of our own adoption and allegiance, let me say to you that the man lives not in our midst whose hand and heart would not be paralyzed at the mere thought of such an act. Nor could I find in my entire constituency so desperate and wretched a renegade as would dare to profane with his hand the sacred emblem of our aspirations"—meaning, of course, the rebel flag.

Of Union men and the United States Government, he wrote as follows:

"In conclusion, I beg you to understand that the people of New Orleans, while unable to resist your force, do not allow themselves to be insulted by the interference of such as have rendered themselves odious and contemptible by their dastardly desertion of our cause in the mighty struggle in which we are engaged, or such as might remind them too forcibly that they are the conquerors. * * Your occupying the city does not transfer allegiance from the government of their choice to one which they deliberately repudiated, and they yield the obedience which the conqueror is entitled to extort from the conquered."

This is the "loyal" Mayor and supporter of Johnson's administration.

THE ALTA.—This enigma in politics says:

Vermont and Maine have both spoken, and in a tone which cannot be mistaken, in condemnation of the policy of reconstruction advocated by the present Administration. If the other States which are to hold elections this fall should follow the path upon which Vermont and Maine have so boldly entered, the verdict of the masses will be that the Southern States will not be admitted to representation in Congress, no matter how loyal the agents whom they may select may be, until they have ratified the amendments to the constitution proposed at the last session of Congress. To these amendments of themselves no truly loyal man offers objection. They should receive a unanimous support in the North, and ought not to be regarded as oppressive in the South.

TEMPERATURE OF THE PORTLAND BANK VAULTS.—Some of the bank vaults of the city of Portland being mostly of masonry and partly under ground, during the recent fire not only preserved their contents in safety, but showed, so far as is known, a surprising absence of great heat while the fire was raging. In two of these vaults there were self-registering thermometers, and in one of them the register only marked 110 degrees, while in the other it stood at but 130. The vaults of the Mercantile Bank of Portland were exposed to a hot fire for a long period, but they preserved their contents in perfect safety. One of these vaults was built more than fifty years ago.

"There is no Abraham Lincoln President now" said Mr. Vallandigham in his Kentucky speech. Vallandigham is about right. What followed must have heightened the effect of his exultation. "Give it to him!" (meaning Lincoln) shouted one of the rebel crowd. We have an idea that they and Vallandigham did "give it to him," and that he died of it. That is why Abraham Lincoln is not President and Andrew Johnson is.

SUPERINTENDENT AT WEST POINT.—Col. Thomas G. Pitcher, United States Army, has been ordered to relieve Brevet Maj.-Gen. Cullum as Superintendent of the Military Academy at West Point. Gen. Cullum will report to Maj.-Gen. Humphreys, Chief of the Engineer Corps. This is a countermand of the recent order assigning Gen. Augur to West Point.

"The ocean speaks eloquently and forever," says Beecher. "Yes," retorts Prentice, "and there is no use in telling it to dry up."

NOTICE IS HEREBY GIVEN THAT THE COMMON Council of the City of Portland propose to improve that portion of Front street between Madison and Columbia streets, now occupied by the bridge. SOMETHING NEW!

THE NEW LIGHT!

DANFORD'S

Atmospheric Coal Oil Gas Lamp!

ARTIFICIAL LIGHT OF SOME SORT, IS A UNIversal necessity. A Safe, Cheap and Brilliant one is a Luxury—a luxury only enjoyed heretofore by those who live in large cities where Gas is used. Years of study and much capital have been exhausted in experiments to produce a lamp wherein the ordinary Kerosene or Coal Oil could be used without a chimney, and without unpleasant odor while in use. That fruitful source of expense, trouble and annoyance, the chimney, is in DANFORD'S COAL OIL GAS LAMP avoided; it is the most perfect Lamp and will entirely supersede all other Coal Oil Lamps; it is the cheapest artificial light that can be used, yielding the light of an ordinary six foot Gas burner for less than ½ cent per hour, or double the quantity of light of an ordinary Chimney Lamp, for one third the cost. It will burn when turned down to a taper-light, ten hours for a cent, is free from smoke, can be carried from room to room and the wind will not blow it out. These LAMPS will be on exhibition and for sale at the Music and Art Gallery of Shanahan & Dufrene, corner of Morrison and First streets.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS AT tended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also—

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

TO THE UNFORTUNATE,

NEW REMEDIES, NEW REMEDIES

Dr. Gibbon's Dispensary,

617 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgence, or from virus absorbed into the system: Look at their pallid, dissipated and disfigured faces and their broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of those horrible life-destroying maladies, and if they are cared for and cured before it be too late, lead them immediately to Doctor Gibbon, a physician who has made private disease his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing that they in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians in Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. The solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If those afflicted do not obtain, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never failed of effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by any of the San Francisco quacks.

DOCTOR GIBBON is responsible, and will give his patient a written instrument, binding himself to the radical and permanent cure, or make no charge.

Persons at a distance may be CURED AT HOME, by addressing a letter to Doctor Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells, Fargo & Co.
